TO: Secretary of State

NO: 4030, March 19, 1 p.m.

SENT DEPARTMENT 4030, REPEATED INFORMATION PARIS 441, BONN 444,
MUNICH 10.

Reference: DEPTTEL 4804, March 18.

Although doubtful if much testimony of substantive interest of
value not already on public record can be elicited from refugees
now in UK, we will of course be happy to give fullest possible
assistance. Foresee no difficulties here and no official ob- 226
jection to procedure indicated, but -- particularly in view
unfavorable public attention drawn to Katyn hearings -- it
is most desirable that it be carried out quietly as possible.
